

ASTRAL PROJECTION Pt.4: SILVER CORD, ASTRAL PLANE

THE SILVER CORD

Eccl. 12:6-7 - Or ever the silver cord be loosed, or the golden bowl be broken, or the pitcher be broken at the fountain, or the wheel broken at the cistern. Then shall the dust return to the earth as it was: and the spirit shall return unto God who gave it.

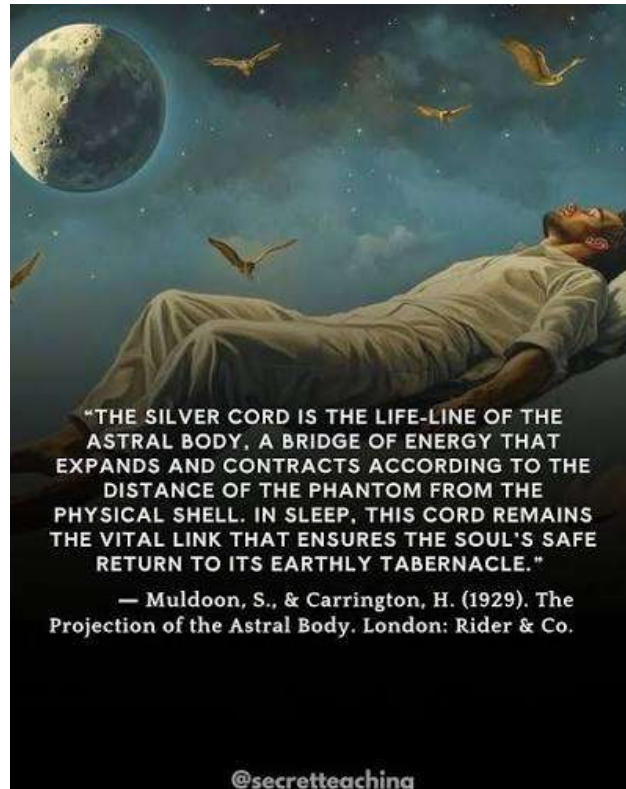

New Living Translation

Yes, remember your Creator now while you are young, before the silver cord of life snaps and the golden bowl is broken. Don't wait until the water jar is smashed at the spring and the pulley is broken at the well.

The spirit is the breath in the body, that will return to God. The soul is what will be judged for the good or bad things done in this life.

Life is precious, yet it is held by a bond that God alone sustains. The image especially of the silver cord points to the sudden severing of earthly life at death.

Each one of the examples given in this passage of Scripture is in reference to dying. If the silver cord that attaches our soul to our physical body is loosed, then we die. The golden bowl is a picture of how they used to hang oil lamps to light a room and if the golden bowl is broken the light goes out. The pitcher broken at the fountain is a picture of being able to retrieve water that is needed to sustain life and the wheel broken at the cistern is another picture of not being able to draw life giving water. Each example is talking about death. The silver cord is a real thing.

"THE SILVER CORD IS THE LIFE-LINE OF THE ASTRAL BODY, A BRIDGE OF ENERGY THAT EXPANDS AND CONTRACTS ACCORDING TO THE DISTANCE OF THE PHANTOM FROM THE PHYSICAL SHELL. IN SLEEP, THIS CORD REMAINS THE VITAL LINK THAT ENSURES THE SOUL'S SAFE RETURN TO ITS EARTHLY TABERNACLE."

— Muldoon, S., & Carrington, H. (1929). *The Projection of the Astral Body*. London: Rider & Co.

"The silver cord is the life-line of the astral body. A bridge of energy that expands and contracts according to the distance of the phantom from the physical shell. In sleep, this cord remains the vital link that ensures the soul's safe return to its earthly tabernacle." – Muldoon, S., & Carrington, H. (1929). *The Projection of the Astral Body*. London: Rider & Co. Even the New Agers acknowledge the silver cord.

This illustration is showing the silver cord attached from the physical body to the astral body or that is the soul.

Quora says the silver cord has infinite elasticity and astral projection is 100% safe. Quora: A core comfort in this explanation is that the cord is entirely safe from snapping prematurely. In metaphysical lore, the rubber band can snap back, but it **cannot snap apart**. It remains unbroken throughout your entire life and is only permanently severed at the actual moment of biological death.

However, on the same page where that information was, it said that the silver cord gets thinner and thinner the further you go. Seems to me like you can go too far. And the cord being snapped or broken isn't just based on what you do, it is also based on what you encounter out on the astral plane or that is, in the spirit realm. The astral plane that people are entering is the stomping grounds of the demons. They have powers and can certainly do things to you because you have no protection against them. If you are going to insert yourself into their turf anything can happen including death.

Our souls are connected to our bodies and if you astral project against God's will you could go too far and break your silver cord. You could die while out of your

body. A witch or demon can fight against you out on the astral plane which is the spirit realm. In a different interview of Rauni's, she said that if you can't get back to your body, you are dead. She's one of many who have stated this in their talks about astral travel.

Don't let anyone tell you this is not dangerous because it is. The witches, luciferians and dark powers are the ones you will encounter in the astral realm, if not at first, eventually they will manifest to you. You will be going into the realm where they operate without the protection of God on your life. They can do anything to you including kill you. Remember a witch can kill a compromised Christian and if a witch can do that, certainly so can a demon. Witches are powerless without a demon.

I'm about to share another video clip from an interview of John Ramirez. John was a high ranking devil worshiper for 25 years. I will say I've been a little skeptical of him because he doesn't expose the Catholic church as a false religion or talk about the pagan holidays much. But I did hear him say there is no purgatory as the Catholics believe. He said if that were the case then what Jesus did would be meaningless. He also said that Santeria mixed in with Catholicism. So that's something. God gives us our mandates and he may not be exposing all the same things I am but I do praise God for his testimony. Everything I've heard him say about spiritual warfare, how we stand against demons, how we get saved etc. has been right on the money.

*Please play from 21:57 to 25:02 John Ramirez is talking about astral projection of high level witches and what they do when they astral project. STOP

John begins by explaining how doing rituals and witchcraft is normal to families who are in the occult for generations. He says, One thing about people in the occult, everything becomes the norm. My grandma used to practice this, my mother practiced this my aunt practiced this so it's ok, I can practice this. It has just become part of our family, our fabric. So we practice it but we don't know what we are practicing cause we don't know the truth of it, we know the facts of it. But the truth, then once you are deep into it the truth starts to come out that you are worshiping demons, you are worshiping the devil. You make ceremonies,

you make contracts, you do spells, you do rituals. I was doing rituals, I did ritual ceremonies that I could astral project and leave my body. Interviewer says, I've heard of astral projection. I was talking to a guy actually on this series who said that he visited the surface of the sun. I said, well how did you manage that? I said, how was it? He said it was pretty hot. And I said what do you mean, he used this phrase astral projection that I still don't really understand. John says, astral projection is a ceremony you do with a demon. Anton LaVey did it and he ended up dying later. He was the founder of the church of satan. He was the real deal at the time. He astral projected and a Christian prayed and cut the silver cord and that's how he died. A true story. And that's how he died because the silver cord was cut and he couldn't go back into his body. The silver cord is the contract between the demon and him. It's not a silver cord like the movies. It's a contract. The person that's helping you astral project that's leading the way that's taking you out of your body is a demon. You are in unity with the demon. You go around regions, you curse regions reinforce curses. You fly over regions. You curse poverty, you curse homosexuality. You curse premature death to be in those areas right, like Baltimore, South of Chicago with people killing each other. It's not a culture thing it's a murder thing, it's a murder spirit. You reinforce those areas as you astral project with that demon to make that contract. You curse those areas those regions, you curse the atmosphere. And so you did this? Oh yeah, that was my thing I was like doing astral projection like having Kool-Aid. I was so addicted to it. So what are you seeing then? It's like coming out of your body but you are seeing everything. It's like when a person dies you come out of your body. And the person is just as alive, even more alive than you were in your body. Because you are more alive, it's your spirit that's coming out. So to me when I used to go out and run the booth, the regions whether it was Europe or London. I would fly in those areas and fly back here. I would force myself to sleep during the day so I could fly out and curse Europe because Europe was nighttime. The interviewer says, so at what point, you said it's only when you get deeper into the occult. John says, oh you gotta get deeper in the occult because there's ceremonies and rituals you gotta do. And commitment and trustworthiness and there's a, you have to a level of relationship and respect with the demons in order

to take you to their / that level. You can't just walk in and tomorrow say hey I want to astral project, sign me up. It's not possible. *(about 3 min's)

<https://www.youtube.com/watch?v=I4-H7fQInmg>

Obviously not everyone astral projecting is directly working for satan and cursing regions like John was. However, there is still a demon there helping the person out of their body. They have that same contract even if they are unaware of being in a contract because they have opened this spiritual door to the kingdom of darkness by working to get their soul out of their body.

I saw another video where a pastor was saying that Anton LaVey's daughter and her family were trying to escape out of satanism and had managed to get to a pastor that was trying to help them. Most of the time the only way out of luciferianism or of the illuminati is death. They don't want you out so they try to get you back in or kill you. Supposedly Anton LaVey was astral projecting to this pastor's house or church and the pastor supposedly prayed and cut his silver cord and he died. I cannot verify that but that's the online story. I will say that the only way that is true is if God backed that prayer up. He very well could have backed it up if they had warned him and threatened him and in order for his daughter and family to make it out, God could have moved to back up what the pastor prayed. And if that is true, think about Christian prayers over areas and regions for witchcraft to be stopped, for demons to be bound etc. Prayer is powerful. And if you were in one of those areas you could find yourself in trouble and possibly even separated from the demon that helped you out of your body. As John said last week, you might not make it back and in that case – you die.

As Christians we cannot even fathom the things that the witches do, they have gone so deep in their dark arts and service to satan. John said he was in contracts with demons, astral projecting around to different locations reinforcing the curses that were over those areas. This is what you will encounter in the astral realm. Witches and demons, lies and deception.

Lets listen to a radio interview John did back about 2011 on Omegaman Radio with host Shannon Davis, where they talk about astral projection – Listen to this:

*Please play from 1:21:59 to 1:24:14 - He asks about the silver cord in astral projection. To me, astral projection, I used to do that. Astral projection is when you leave your body at home and your spirit travels to different areas, different locations and stuff like that. There is a danger to that because if you don't know what you are doing you can die in your bed. Then the interviewer asks if the person has an out of body experience under demon power the soul actually departs out of the body but is connected back to the physical shell with a silver cord, is that correct? Yes. And if you do it in a way and the demon is displeased of how you are doing it because he's the one that is directing it and showing you how to do it. The demon can turn around and keep your spirit out of your body and end up killing you. Interviewer: In other words if the silver cord is ever loosened it's over with, the person probably has instant death don't they. Yes, will look like the person died of natural causes but they don't know why the person died behind the scenes. Interviewer asks if people who do a lot of astral projecting turn gray and age prematurely? Astral projecting puts a major strain on your body and on your organs. You are abusing your body. You are putting your body through a physical and spiritual condition and strain that your body is not even used to. Interviewer says if God does it He will maintain the body, but under satan's power, he doesn't maintain the body. All he wants to do is kill you anyway. So when you are astral projecting you are playing with fire. *(about 2 min's)

<https://www.youtube.com/watch?v=huh09aZTWJ8>

There is a danger to that because if you don't know what you are doing you can die in your bed. And if you do it in a way and the demon is displeased of how you are doing it because he's the one that is directing it and showing you how to do it. The demon can turn around and keep your spirit out of your body and end up killing you.

New Age teachers defend astral projection and supposedly teach how to defeat demons in the astral realm and encourage you as to how to protect yourself in the astral realm. They are deceived and deceiving whoever will listen to them. God will never protect you while you practice witchcraft. satan will do anything to

entice you and get you on the hook so if you have great experiences at first, be sure you will pay the piper at some point. Your soul is literally on the line when you astral project. Remember Walle Larsson's testimony I shared in the New Age series. He was doing transcendental meditation for years and years and then one day the demon manifested and said this is what it was all about and scared him so bad he got out of it. Praise God for that! That's what all of these New Age and witchcraft practices are all about. Eventually you come head to head with the demons, with satan's kingdom that you have gotten yourself entangled with.

Everyone doesn't make it out. It doesn't seem like Rauni made it out of the deception she believed.

Galations 5:19-21 – Now the works of the flesh are manifest, which are *these*; Adultery, fornication, uncleanness, lasciviousness, Idolatry, witchcraft, hatred, variance, emulations, wrath, strife, seditions, heresies, Envyings, murders, drunkenness, revellings, and such like: of the which I tell you before, as I have also told *you* in time past, that they which do such things shall not inherit the kingdom of God.

Those that practice witchcraft will not inherit the Kingdom of Heaven. Astral projection is part of witchcraft. When you astral project, you are seeking to do something supernatural outside of God's will. Astral travel is done through demonic power. That's why deep meditation is associated with it, and visualization, rituals and spells and chants and meditative music, and brain changing frequencies and focusing or harnessing your energy in trying to do it. What you are really harnessing and what the vibrations that people talk about is - is demonic power, the demon that has come to help you get out of your body. Rauni talked about vibrating and feeling the vibrations, this is demonic power causing your soul to leave your body. This is spiritual rebellion against God. Sorcery seeks power or guidance apart from God through forbidden spiritual means. Idolatry and witchcraft turn the heart from dependence upon the Lord and open the way for spiritual deception.

Trying to forcefully enter the spirit realm has never entered my mind. Who are these people that believe God is ok with this? If you claim to be a Christian why

are you trying to force supernatural experiences without God? When you do that, you have crossed a line and are now working in the realm of satan's kingdom with his demons. They may stay in the background for a while but when they surface it won't be pretty.

Witches spy on Christians and work against other unbelievers through astral projection. I believe God protects His children from them being able to intrude and astral project into our homes. However, unbelievers and the lukewarm, their homes are open to demons and witches at will.

***Please play from 28:54 – 30:21** Simone was deep in the occult let's listen to an experience she had with a witch astral projecting into her home. STOP

There were a few times in her life she was surprised that she didn't pursue Jesus. In her early witch days she met a gentleman at a psychic fair who gave her a crystal and it happened to have been her birthday. At that time there was no such thing as e-mail and she had written her address down for this man at this fair. Probably just a vendor of sorts wanting her contact information and she thought nothing about giving him her address. That night while she was lying in bed he came, astral projected into her home, into her bedroom. He layed on her and was talking in her ear. She was freaking out and thinking what was going on? The way that she was lying in bed while this was happening, she looked and right in her direct line of sight was the face of Jesus. She shouted something in her head and she doesn't remember what it was anymore. But it was like it was coming from Jesus and instantly he (the perpetrator) was gone! She went to one of her witch friends who worked with crystals. She (the witch friend) went into the crystal and discovered that a demon had been placed inside the crystal to come and get her. She cleaned the crystal and asked Simone if she wanted it back and she said no. She also did not come to Jesus then. *(about 1.5 min's)

Can you believe these crazy things? The realm of witchcraft and the occult is so far out there. Witches can astral project into the homes of unbelievers. He had a link to Simone when he gave her that crystal and because she was practicing New

Age and the occult, he was able to astral project right into her bedroom! Can you imagine waking up realizing this creep is right there actually on you?

Where do you think evil spirits are?

Ephesians 6:12 – For we wrestle not against flesh and blood, but against principalities, against powers, against the rulers of the darkness of this world, against spiritual wickedness in high *places*.

The Bible says satan is the prince of the power of the air. **(Eph.2:2)** And that he is the god of this world. **(2 Cor.4:4)** These evil entities that we are fighting against, work in the spirit realm, they are not in the third heaven where God's heavenly kingdom and throne is. So the astral realm that I've been teaching on is exactly where satan and the fallen angels are.

High Places is talking about heavenly realms. Not God's holy dwelling place, but rather the invisible, atmospheric spiritual domain coexisting with the physical earth where these opposing forces exert influence. That's where the evil spirits are, out on the astral plane where people are astral projecting against God's will. What we call the second heaven and the first heaven, that's where they are.

I do not want to be out in the spirit realm without a physical body being totally vulnerable to the evil spirits in their domain. If you force your soul out of your body so you can have this fun experience or because you are curious, you are unauthorized in the spirit realm. You do not have God's protection on your life because you are committing sin against Him. You can get attacked, beat up, killed and at the very least you will have demons in your life if you survive and get back to your body.

2 Corinthians 12:2-7 - It is not expedient for me doubtless to glory. I will come to visions and revelations of the Lord. I knew a man in Christ above fourteen years ago, (whether in the body, I cannot tell; or whether out of the body, I cannot tell: God knoweth;) such an one caught up to the third heaven. And I knew such a man, (whether in the body, or out of the body, I cannot tell: God knoweth;) How that he was caught up into paradise, and heard unspeakable words, which it is not lawful for a man to utter. Of such an one will I glory: yet of myself I will not glory,

but in mine infirmities. For though I would desire to glory, I shall not be a fool; for I will say the truth: but *now* I forbear, lest any man should think of me above that which he seeth me *to be*, or *that* he heareth of me. And lest I should be exalted above measure through the abundance of the revelations, there was given to me a thorn in the flesh, the messenger of Satan to buffet me, lest I should be exalted above measure.

Apostle Paul had this amazing experience the right way. God caused it to happen, Apostle Paul did not lay there and try to relax his mind and force his soul to leave his body. He did not visualize and focus and listen to hours of meditation music. God had some things He wanted to show him so He supernaturally brought Apostle Paul into heaven. Even Paul says he doesn't know if he was in his body or not. There are instances in Scripture where God gave Ezekiel spiritual experiences and sometimes it is hard to tell if it was out of body or not and the same with John in the book of Revelation being in the Spirit. **(Rev.1:10)**

CLOSING

Let your supernatural experiences be at the hand of God, let it be God led instead of you trying to force it to happen.

Christians are being enticed into astral projection by hearing that you can go to the throne of God or into the courts of heaven or see angels or Jesus or what have you. I hope and pray you will remember Johanna's experience with the fake Jesus because it was terrifying and she almost died but for the grace of God. When God showed her the truth He allowed the demons to physically begin to beat her up. The same evil spirits are behind astral projection. Those who are purposely leaving their body and experiencing the spirit realm are only doing this with the help and power of a demon. It's the same with someone focusing on a spoon in order to bend it. It isn't the power of the person's mind or their harnessed energy, it's a demon there bending the spoon to draw the person into occult activities.

New Agers are not seeing the real Jesus. They are not seeing the real Michael the Arc Angel. You cannot force a supernatural encounter with God or His angels face

to face. When you try to do that you are outside the will of God. You are showing the spirit realm you do not know and keep God's Word. God, in His mercy, "might" protect you or He may not! Don't test Him.

All supernatural acts are done and accomplished in the spirit realm first. Either by God's power or by satan and the kingdom of darkness. Witches are powerless without a demon. Christians are empowered by The Holy Spirit. The Holy Spirit is The Spirit of God and of Christ and He is THE MOST POWERFUL ONE OF ALL!

As long as we are still alive, in our natural bodies, we belong here on this earth in the natural realm. If God wants you to see or experience something in the spirit realm which is the same as the astral plane, He will take you there Himself just like He did with Paul. Otherwise, if you are a Christian, you will get to experience all that God has for you in the spirit realm once you die and leave the natural body behind.
