

Kennedy's Dream 5-7-14 (Kennedy is 6 years old)

Kennedy and a bunch of other kids were in a dark room and Jesus was with them. Kennedy was praying for a little kid. Then they all went outside and suddenly the sky became dark and the bad people (kids and grown-ups) suddenly began to fight with their friends and people were being killed. They were fighting with swords and clubs. The people that trusted Jesus were watching. Then they began to start fighting too. And when the good people began to start fighting the rain and thunder and lightning began to come down and the rain and lightning was killing and hurting the bad people. The good people fought with swords and bibles to defeat the bad people. Jesus fought too, but He only used the words of His mouth. The bad people began to die and Kennedy and the others went into the dark house and into the dark room. And then satan took all the land and the beauty of the world. And then they saw dead people when they came out of the room.

Then they saw God the Father and Jesus and all the angels on their white horses in the sky. They bowed down to God the Father and to Jesus. And they saw the beautiful earth because God had restored it. They floated up into heaven. In heaven Kennedy saw streets of gold, the tree of life, and the river. Kennedy has always wanted to eat a cloud. God let her do this and she said it tasted like candy! God gave Kennedy a hug. Her eyes are so sensitive to light that many times they water and she can't stand bright light. But in heaven her eyes were fine, she could withstand to see God and to hug Him did not bother her. She said His eyes were colorful colors, and He is like glowing colors – not like regular light – really bright and He had like a rainbow around Him. He was so beautiful that they almost passed Him by because the light was so bright in their eyes. She saw jewels and crowns and Jesus was wearing a crown. She said that all animals on the new earth are also in heaven and they all smile!

She woke up thinking "Is it too late?" I asked, "Too late for what?"

She said, "For other people to get saved, because if this dream is right now, then it is coming soon!"

We feel that this is a warning dream from God telling us that He is coming soon and He wants us to warn His people!! Jesus is coming soon!!!
